

HOT SHOP

ITALIAN-STYLE FURNACE GLASSBLOWING

The Hot Shop is where local and visiting artists, students, and tourists come to experience Italian-style furnace glassblowing.

Whether it's for a one-day experience or a semester-long education, this studio is one of a kind in the Southwest.

COLD SHOP

CARVING, SANDBLASTING, AND FINISHING PIECES

Coldworking is the process of altering the shape or surface texture of glass with tools that do not utilize heat. It's through this process that finishing touches are made on glass art. Take the classes below to learn techniques such as sandblasting, carving, grinding, engraving, and polishing.

MAKE YOUR OWN GLASS ART EVENTS

put you in the artist's seat. You choose what you want to make from the options on the left and then help design, color, and create it in the studio alongside an experienced instructor.

No experience necessary.
Call (520) 884-7814 to schedule.

Most events take place in an hour or less and offer something for everyone. Create a glassblown vase or ornament in the Hot Shop, design a kiln-fired and slumped plate or mosaic trivet in the Warm Shop, try your hand at torchworking beads and pendants in the Flame Shop, or spend a day creating and exploring the glass arts through our **Glassblowing for Two (GBE)** or **Paperweight Experiences (PWE)**.
